

Raising awareness for **FIRE DOOR SAFETY WEEK**

Does your Fire and Rescue Service have access to restricted areas: boiler rooms, electrical intake cupboards, roof access, tank rooms, lift motor rooms, dry riser, car parks?

Gerda's well regarded **high performance locks control and protect restricted areas** allowing immediate Fire and Rescue Service entry for fire crews through the unique Gerda® One Key System:

- Proven systems adopted nationwide
- Cost effective and low maintenance
- Certified FD30/FD60 service room doorsets range
 - Unique Gerda® One Key System
 - Key registered system

KM524079 and KM524077
